SNUG WORKSHOPS 2023

August '23

CSP - Trusted Infrastructure Products

- CSP has been in business around 45 years.
- Based in Auckland, but with an office/warehouse in Christchurch.
- Owned by Fletcher Building, part of the Fletcher Steel group of businesses, which includes Easysteel, Dimond Roofing, Pacific Coil Coaters, Fletcher Wire and Fletcher Reinforcing.
- We supply throughout New Zealand and the Pacific Islands, offering a range of trusted road barrier systems, barricades and safety cushions, lighting columns, traffic poles, telecommunication masts and security poles. We also offer a range of sound walls, steel culvert systems and a Hire business for barriers and VMS boards.
- We hold ISO 9001, with quality being a focus throughout our business.
- We also hold Toitu Carbon Reduce certification as part of Fletcher Steel.

RITHERDON ATLAS RETENTION SOCKET

New product for CSP – but well established brand in the UK, supplying to the traffic signal industry for many years.

We are currently going through the approval process.

CSP will stock core sizes in NZ, with others available to order in as needed.

RITHERDON ATLAS RETENTION SOCKET

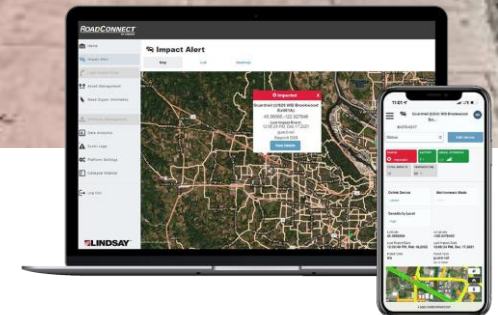

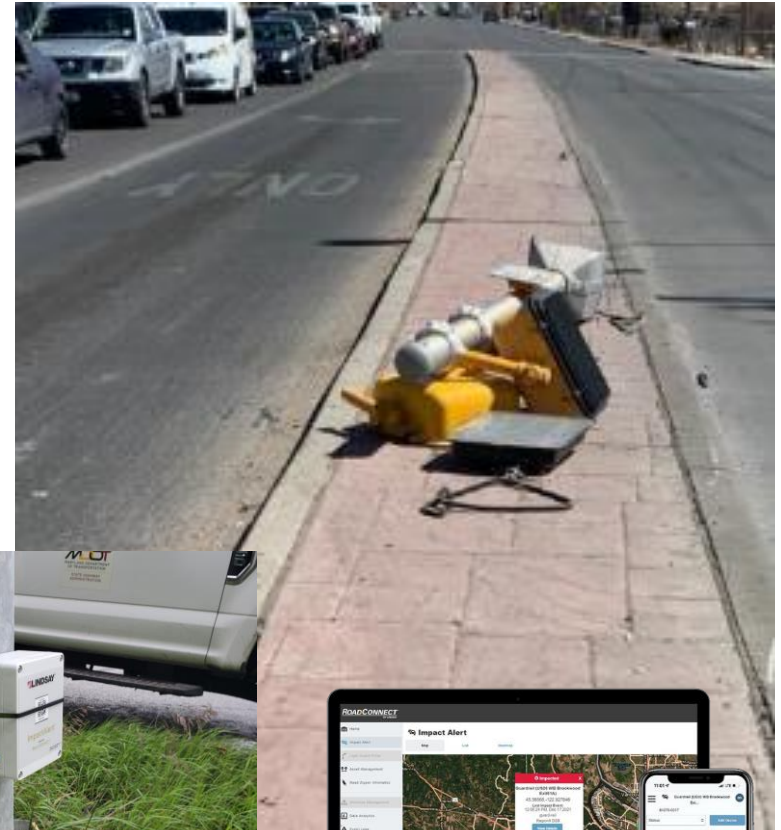

Features and Benefits

- Uniform gripping action. High strength grip (2.24 kNm).
- Poles are clamped securely without piercing or surface damage.
- 100% stainless steel construction – high rust resistance.
- Circular design and a stainless top cover which is concentric with the poles.
- Fast replacement of poles and columns.
- Flexible planting depth.
- Rotating cable entry.
- Sweeping bend duct option for easy feeding of SWA cables.
- All to reduce installation, maintenance and repair costs and traffic disruption.
- Pole integrity is protected, increasing service life.

ImpactAlert™

- Compact, self-contained device
 - Rugged, waterproof enclosure
 - Simple, fast, nondestructive installation
 - Long battery life expectancy
 - Direct communication from each device
-
- ✓ Improve repair/replacement time
 - ✓ Enhance worker and motorist safety
 - ✓ Save time/labor scouting roadways
