

SNUG Conference

Presentation - 25th September 2025

Who We Are....

“

Traffica's long term vision is rooted in the belief that we play an important role in providing sustainable, innovative, and lasting solutions for all stakeholders.”

BASHIR AHMED - MANAGING DIRECTOR

JCB

TRAFFICA
Roading Solutions

What sets us apart?....

Innovative one-stop-shop approach

We have competent and experienced Teams

In house Services – TTM, Pavers Concrete Trucks ...

Enables us to reduce margins and capitalise on having lower overheads & allow costs savings to the Client

Support long-term market development

Increase availability of specialist services, meaning more projects are delivered and assets retained .

Our Team People First & Success Follows

Traffic Signals Progress

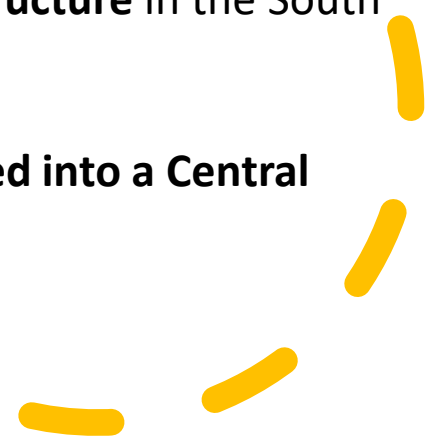

- 25 New Signalised Pedestrian Intersections to crossroads
- Maintenance of 600 Intersections Across South-East & Central Region
- Integration of intersections to SCATS
- In addition to core maintenance and renewal services, Traffica is committed to delivering innovative and versatile smart city solutions. This includes the installation of advanced sensors and cameras, supporting Auckland Transport's vision for a safer, smarter, and more connected urban environment

Newly Awarded Contract - AT South – Streetlights

Traffica are pleased to announce that Traffica has been awarded a **Measure and Value Physical Works Contract** by **Auckland Transport** for the **maintenance, renewal, and capital works of street lighting infrastructure** in the South area. This contract will commence on **1 October 2025**.

- The South region comprises approximately **42,000 streetlights**, with nearly **40,000 integrated into a Central Management System (CMS)**.
