

Spunlite Poles – Not just Yellow Poles

2020, end of an era for Spunlite with the death of Eric Wright – founder and owner of the company.

Spunlite was founded in 1962, manufacturing concrete street light poles.

Proudly New Zealand

Spunlite has a heritage of innovation & NZ ownership, we offer locally manufactured product with the ability to source the best products from around the world.

Spunlite is the largest pole company in NZ.

We manufacture and supply from Christchurch:
Street Lighting – Octagonal – Project Specific
Flood lighting – 30mtr Port and Sports Arenas
Tele-communication – Cell towers, 95mtr radio
Traffic Poles – but not just yellow ones
Traffic related product – VMS gantries & CCTV

What's been happening since 2019?

Swing Wing & Static CCTV Columns

Since Snug 2019 Spunlite have supplied over 60 15mtr Swing Wing and Static CCTV Camera Columns into traffic projects around the country.

Projects include:

Christchurch Southern Motorway – CSM2

Transmission Gully – TG Wellington

Peka Peka to Otaki – P20

Christchurch Northern Corridor – CNC

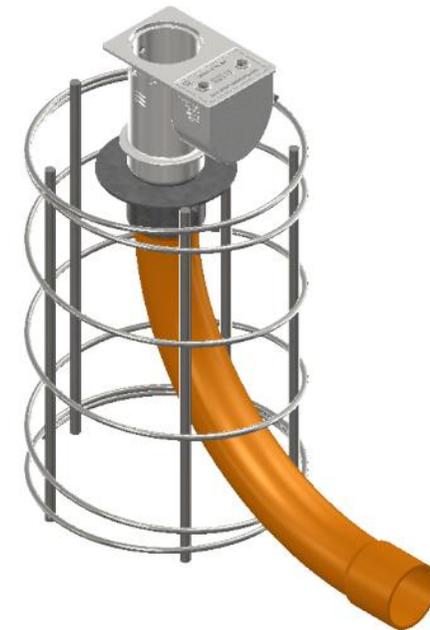

SH58 Upgrade Wellington

SH20B Upgrade Auckland

TMR Retention Socket Approval

In June 2020, after over 2 years of work we received TMR Queensland approval to sell RS115 Spur Bend Retention Sockets.

As soon as we can get back to Queensland we will be installing Sockets with DMR in the Gold Coast and with Brisbane City Council.

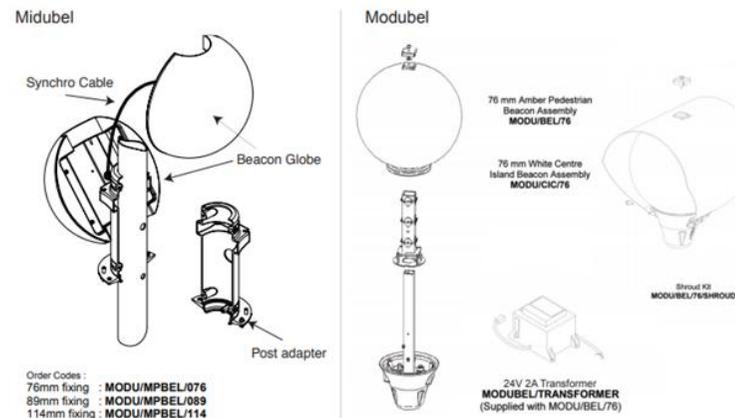

We also completed an install project with TTL for smart poles in Monash, Melbourne.

LED Belisha Beacons

Spunlite is the only company with approval to supply LED Belisha Beacons to AT.

We have a sole supply agreement for the Simmonsigns beacon from the UK.

Over 250 beacons have been ordered so far in a role out to replace disks at high risk crossings

Aten Carriageway Loop Boxes

As part of our agency with IPL from Ireland we have introduced the Aten Carriageway Loop Box. Fully trafficable D400 - 40 tonne rated loop box with secured cover assembly.

No more loop cutting through kerbs.

Alliances & Sister Companies

Spunlite has strong and long lasting alliances with suppliers throughout the world, this number is growing annually.

Our sister company Steelgal NZ Ltd has fully NZTA approved and MASH tested
Barrier – “W” and clip on under rail
Wire and post solutions
End terminals

Spunlite Not Just Yellow Poles

Over 55 years of design and innovation, now stronger than ever.

More to come
