Yes

No

Do you think there is benefit in having flashing yellow protection?

0 3 4

Yes

No

Needs more investigation

Do you think SNUG should have a name change?

0 1 3

No

Yes - but think about names

Yes - to Traffic Signals NZ

Any feedback for us on the SNUG conference this year?

002

- Great conference
- Fantastic conference!!! The team did a great job. I feel I've had a great dose of professional development, as well as the fun side of networking. Great to see all the working groups being developed and how SNUG is contributing to the industry! The IT setup was really good, and it was impressive to see Sean handling details that, at other conferences, would be

left to paid external parties. Really enjoyed the extra touches like building a traffic signal (hope they let me take it on the plane...) and John's videos. Thanks heaps!
